COAST CRICKETERS WIN FOUR MATCHES AND LOSE BUT ONE

Vernon City Eleven Only Valley Team To Defeat Vancouver

The Vancouver cricket eleven that completed its tour of the Okanagan Valley on Saturday last compiled an impressive record of four wins and only one loss in matches played in this city and at Penticton and Salmon Arm.

The visitors, most of whom have been members of teams that have previously toured the Interior, opened their series at Penticton on Tuesday of last week, scoring a win. Wednesday saw them play and defeat Salmon Arm at the main line centre. Thursday's fixture, at the Lakeview grounds here, was Vancouver's single loss, as the City won fairly easily. The Legion lost Friday and the Farmers Saturday, the concluding day of the tournament.

No Coast Junior team will play in the valley this season.

Detailed results of the various matches are given below:

CITY VICTORIES

On Thursday afternoon, the tourists were fairly easily defeated by the Vernon City eleven in the opening match in this city at the Vancouver centre. 92 all out and the locals 170. For the visitors Tom Reed, Sr., was the only batter to reach double figures, scoring 38. Clark started for the City and hit up 29 followed by the valuable Owen Karn, 44, and Chambers, 39.

In the bowling department Dick Curtis took three wickets for 29 runs and Chambers four for 20. Berridge was Vancouver's most useful bowler with six wickets for 48 runs.

Extras	13
Total	170

LEGION LOSES

Friday's game saw Vancouver defeat the Canadian Legion eleven 113 runs to 71.

Martin and Kellok were the only two Coast bowlers used. The former took six wickets for 44 runs and Kellok, who had the best average of any of the day's bowlers, four for 20. For the Legion, the versatile Owen Karn, used by practically every team this year, secured four wickets for 32 runs.

Tom Reed was the visitors' best batter, securing 23 before being caught leg before wicket.

FARMERS DEFEATED

Vernon Farmers, leaders in the Okanagan's Spencer Cup competition throughout the season and on their showings the valley's strongest team, were badly defeated by the Coast eleven in the final game of the tour, on Saturday at the Lakeview grounds.

Vancouver scored 185 for six wickets, compared with the Farmers' total of 70 all out.

Kellok was the afternoon's feature batsman, with a well played 50. He was followed by teammates Jones, 47, and Martin, 44, for an excellent total.

Salmon Arm Beaten By Local Lacrosse Squad In Game Here

Vernon Gets Big Opportunity Friday In Fixture At Kamloops

Tomorrow evening, Friday, about 11 o'clock, Vernon's Senior box-la representatives should know fairly definitely what their future is in the remainder of the Interior League for this season, as by that hour the locals will have concluded a joust with Kamloops at the main line centre.

A win will mean that Vernon, the "tough luck" team for the majority of the season, will have a better than equal opportunity of gaining a playoff spot, with its resultant cash benefits in gate receipts. A loss for the locals would be a near disaster and that's why, for the first time this year, Vernon will travel to Kamloops with all first-stringers in Hal Symonds' bus.

League tail-enders, but the most colorful squad in the circuit, Vernon climbed into a lacrosse arena with Salmon Arm as the result of a decisive win in the Sports Arena on Friday night last. Salmon Arm had its strongest strings on the floor and played bang-up lacrosse for three hours, but were once again beaten by the Blue-and-Whites, this time by an 18-9 count, which does not present a true picture of the contest.

Salmon Arm, knowing that a Vernon victory would obscure their road to the playoffs like a heavy coating of dust, battled and checked with an ardor that at times took on the tenacity of a drowning ship's crew. They trotted out Glen Miller, who has not seen action since last month or so, and Farmer who had eight teeth and a part of his jawbone knocked out at Kamloops, was also in strip.

Jack Farmer netted the first counter and Walter Hodgson added another immediately after the first face-off. Vernon's Walter Willis, Bob Turnbull, Ken Law, and Sid Glover beat Bob Harvey once each and the period ended in a 4-4 tie. The second was a low scoring affair, but the locals gained a one goal advantage through some smart work by Dan Hopkins, who turned in another dazzling performance and led with six counters in the game.

The end of the third period saw the local attack score two goals, at 10-8, Salmon Arm, taking advantage of occasional Vernon miscues and disorganized play was full value for its score.

The final 15 minutes proved the main liners' undoing as a lacrosse team, as they were outscored 8-3, owing principally to some slick combination by Ken MacDonald, Dan Hopkins, and Walter Willis. Willis replaced Turnbull as rover, scored a nice goal, his second, and effectively checked the local attack. The Salmon Arm defence could not baffle Hopkins' movements and he burst through for three counters, and MacDonald got two. The other two went to hardworkers Bob Dobie and Melville MacDonald.

FROM THE SIDELINES—Salmon Arm's nice three-period display led many of the 600-odd fans present to think the locals will face tough opposition at the main liners' hands. The comment was quite freely heard. Vernon plays there Tuesday night, and the game should be worth watching. Both Kamloops and Salmon Arm are accompanied by several auto loads of spectators on their appearances here.

A handful of faithfuls is all that usually accompanies the locals. Hugh McLaughlin, who is a former well known athlete in the Kootenays and keen follower of local sports, may be credited with providing the last period goal, getting stuck before the final 15 minutes, he "stuck" his head in the dressing room door, offered 25 cents for each Vernon goal. The boys got eight, and Hugh paid up immediately. Dan Hopkins was chief winner with 75 cents.

GIRL WINS KAMLOOPS BURSARY AWARD

KAMLOOPS, B.C., Aug. 15. Phyllis Rowe, daughter of Mr. and Mrs. John C. Rowe, of Kamloops has been awarded the Rotary Bursary of \$100, according to an announcement made by A. P. Graves, Rotary secretary.

Things formed by teeth as they grow show their age and details of their history, according to a Chicago dentist.

REVELSTOKE PLAYING KAMLOOPS ON SUNDAY IN BASEBALL FINALS

REVELSTOKE, B.C., Aug. 16.—Hopefully the law of averages will operate in their favor, members of the Revelstoke baseball club are all set to take on Kamloops here next Sunday in the first game of the B.C. Interior League playoffs. Revelstoke has lost every game it has played with Kamloops this season, anything but an auspicious augury for the success of the playoffs from the local standpoint. Had Vernon defeated Kamloops last Sunday a special train to the Okanagan city would have been run.

In the fastest game ever played on the local diamond the Colored House of David team from Minneapolis won from the local baseball squad last Wednesday afternoon. The score was 3 to 1. A crowded grandstand and long rows of automobiles gave the scene a festive appearance of relief when the colored caravan hove into sight. Numerous blow-outs and unfamiliarity with the condition of the district roads, accounted for the delay.

At least two enthusiastic fishermen were to be found in Revelstoke. They are George Davis and Gordon Donaldson, who during the week returned from a fishing trip up the Jordan River country with excellent specimens of cut throats. The fish were not obtained in lazy effort from the side of a moss strewn bank. The two young fishermen swam through a small canyon, with sheer, precipitous sides, fully clothed, paraphernalia and all, and after the swim they were out. It was well worth the effort, both boys agreed.

OKANAGAN BLUE BIRDS WIN ISAAC HARRIS CUP

For the third time the baseball team of the No. 1 Indian Reserve, the Okanagan Blue Birds, are the winners of the Isaac Harris Cup, emblematic of the Interior baseball championship.

On Monday, the team from the Salmon Arm area met the Blue Birds and went down to a 7-6 defeat. Charlie Bessette pitched the entire game for the winners. Ernest Oppenheimer, one of the Blue Birds, was knocked unconscious for 30 minutes. The mishap seemed to have little effect upon him, however, for when he "came to" he went back into the game and played through to the final inning.

A team expected from Douglas Lake did not arrive for the baseball game, and the setback was received when it was found that Penticton and Westbank could not field full teams. The latter difficulty was overcome, however, when the players combined to form one team. The aggregation met the Salmon Arm team in the game to decide who was to meet the Blue Birds. Salmon Arm won 6-5.

KELOWNA SOFTBALL TEAM BEATS MILLERS

The Kelowna Toc H softball team are the undisputed and, for the time being at least, the unchanged champions of the Interior after the 8-5 defeat they handed Vernon's leading team, the Millers, in Kelowna last Sunday. Rain throughout the afternoon did its best to cause a postponement of the encounter, but not being daunted the two teams took the field between downpours to give the few fans that braved the elements an exhibition of first class ball. Kelowna won the first game here.

R. Guidl, Kelowna's "man on the mound," proved a little too much for the Vernon boys and distributed nine strike outs fairly evenly among them. Steve Galpy, who pitched for the Millers, registered five strike outs that literally scared past the bats of the "Orchard City" warriors.

In the first five innings, the Millers had the game pretty much their own way with the score 5-0 in their favor. Then, in the last half of the fifth, the Kelowna team rubbed the dust out of their eyes and settled down to score three runs in quick succession. From that point on they held the Millers scoreless and a run in the sixth and four in the seventh gave them a three run lead with the score 8-5. The Millers never started trying until the finish of the sixth but they apparently did not try hard enough for they came out of the game on the short end of a score which gave the Toc H team the Interior softball championship.

SALMON ARM IN VICTORY HERE OVER FARMERS

Spencer Cup Competition Leaders Are Humbled By Lowly Eleven

LEAGUE STANDING

	W.	L.	Pts.
Farmers	5	2	10
Penticton	4	3	8
Legion	3	3	6
City	2	4	4
Salmon Arm	2	4	4

Salmon Arm cricketers, playing on the Lakeview grounds here Sunday afternoon, won their second Spencer Cup game of the season at the expense of the league-leading Vernon Farmers and, incidentally, staved off the local eleven's grasp on the championship.

On Sunday next, the Canadian Legion team, the surprise aggregation in cricket ranks this year, meets the Farmers. Should the veterans lose the Farmers will take the Cup. In the event of a win for the Legion a playoff will be necessary. The City travels to Salmon Arm Sunday for a league fixture.

The lowly main line team's victory over the Farmers was due mainly to the stellar work of L. and E. Doe, who hit up 28 and 24 runs respectively. Owen Karn was high for the losers with 20. Captain Tom Davidson scored 11 and Tomkins 10. Salmon Arm won 82 to 66.

Hodgkin, Salmon Arm captain, suffered a severe shoulder dislocation and was taken to hospital.

WIN AT PENTICTON

PENTICTON, B.C., Aug. 16.—On Tuesday, August 9, the Penticton Cricket Club entertained the touring team from Vancouver and was beaten by 76 runs. Vancouver batted first and scored 187 runs, with Martin 56, Kellok 42, Kelloway 22 and Smith 17 being top scorers. At one time it looked as if the visitors might have been dismissed fairly cheaply as six wickets were down for 80 runs, but the seventh and eighth wickets put on 80 more.

COLDSTREAM'S FLOWER SHOW IS SUCCESSFUL

Exhibits Excellent Despite Hot Weather Throughout Summer

The Coldstream Women's Institute Hall was the scene of a very successful flower show on Thursday of last week. The show was opened by Hugh Mackie, who expressed surprise at the splendid display of flowers, despite the poor season.

Special items of interest included an exhibit of beaded flowers made by Miss Esther Muchowski; pressed wild flowers arranged by Peter Tassie; and a display of pressed Canadian and Australian wild flowers by Charlie Carter, Jr. One table containing a selection of flowers from the F. H. Harris greenhouse, received many favorable comments.

Prizes were awarded as follows: Specimen of sweet peas: 1, Mrs. C. McCloud; 2, Mrs. Garlick; 3, Mrs. Grieve. Bowl of sweet peas: 1, Mrs. C. McCloud. Specimen of one rose: 1, Joe Dean; 2, Mrs. Garlick; 3, Mrs. Grieve. Bowl of roses: 1, Miss Lily Acres; 2, Mrs. A. Browne; 3, Mrs. Ricketts. Collection of carnations: 1, Mrs. H. Hall. Collection of Zinnias: 1, Joe Dean; 2, Mrs. Holtam; 3, Ronald Postill. Bowl of pansies: 1, Mrs. Garlick. Collection of phlox, annuals: 1, Mrs. E. B. Carter. Collection of phlox, perennials: 1, Mrs. Chuguey; 2, Mrs. W. French; 3, Mrs. Grieve. Collection of stocks: 1, Mrs. Grieve; 2, Mrs. Ricketts; 3, Mrs. C. Haines. Collection of cosmos: 1, Jimmy Coleman; 2, Mrs. Burnett. Collection of carnations: 1, A. E. Carter; 2, Joe Dean; 3, Mrs. Ricketts. Collection of gladioli: 1, Joe Dean; 2, A. C. Carter; 3, Mrs. Ricketts. Specimen of gladioli, named: 1, Joe Dean; 2, A. C. Carter. Collection of petunias: 1, Mrs. Ricketts. Bowl of nasturtiums: 1, Mr. Douglas. Collection of four different kinds of flowers not listed: 1, Joe Dean; 2, Ronald Postill; 3, Mrs. Ricketts. Collection of annuals: 1, Mrs. A. Browne. Bouquet in Institute colors, green, white and yellow: 1, Miss E. Browne; 2, A. C. Carter; 3, Mrs. Northcott. Collection of asters: 1, Joe Dean. Collection of dahlias: Mrs. W. French. Flowering house plant: 1, Mrs. H. J. Haines. Collection of vegetables: 1, G. T. Fowler. Decorated table centre: 1, A. C. Carter; 2, Mrs. Northcott; 3, Charlie Carter, Jr.

CHILDREN'S CLASSES
Decorated table centre and corner piece: 1, A. C. Carter; 2, Mrs. H. Fleming; 3, Mrs. Armstrong. Bouquet of garden flowers, children: 1, Charlie Carter; 2, Shirley Alderman. Artistic bowl of garden flowers, children: 1, Charlie Carter; 2, June Alderman. Miniature garden, children: 1, formal, Marion Harris; 1, formal, Charlie Carter; 1, special, Billy Joe Tassie; 2, Beth Alderman; 3, June Alderman and Mary Kent.

NEEDLEWORK
Patchwork quilt: 1, Mrs. P. Topham; 2, Mrs. Siddons. Embroidered article: 1, Mrs. C. Jackson; 2, Miss E. Coleman. Knitted article: 1, Mrs. H. Picken; 2, Mrs. K. Worth. Crocheted article: 1, Mrs. Holland; 2, Miss Mary Ricketts. Cross stitched articles: 1, Mrs. McClean; 2, Mrs. Hedley. Article in cutwork: 1, Miss F. Hedley. Knitted child's article: 1, Mrs. J. L. Webster. Knitted article, children: 1, Miss K. Ormsby.

HOME COOKING
Loaf of white bread: 1, Miss H. Wellbourn; 2, Mrs. Northcott; 3, Mrs. Grieve. Raisin loaf: 1, Mrs. Northcott; 2, Mrs. Postill; 3, Mrs. C. Haines. Fruit cake: 1, Mrs. Adam Grant; 2, Mrs. Postill. Apple pie: 1, Mrs. P. McDonald; 2, Mrs. Garlick. Layer cake, leed: 1, Miss J. Browne. Jelly roll: 1, Mrs. W. Green; 2, Mrs. H. Hedley. Plate of rolled cookies: 1, Mrs. K. Worth. Chocolate cake: 1, Mrs. H. Haines. Shortbread: 1, Mrs. Adam Grant; 2, Mrs. K. Worth. Plate of lunch rolls: 1, Mrs. Garlick. Plate of drop cookies: 1, Mrs. E. A. Rendell.

"HOLES IN ONE" ARE MONOTONOUS
P. A. Lewis doesn't think there's very much to this game of golf after all. "It's true that over his desk in the Associated headquarters there's a small little card, in verse form it tells all about the fellow whose drives sometimes don't amount to anything more than punts, and who occasionally has as many as ten tries on the green. This really calls for the use of a score-keeping adding machine. And the suggestion would seem to be that Mr. Lewis, like everybody else, has his bad times out on the golf club. "But if you really like it in earnest, and get right down to brass tacks," he told a reporter from The Vernon News the other day, "there doesn't seem to be much to it."

On May 24, he reached the golfers' clubhouse when he scored a hole in one on the eighth green at the local course. Just the other day he took an easy swing with his No. 8 iron and found that he'd marked up his second hole in one, and on the same green. "That's one each year so far," he reported in an off-hand way to the reporter the other day when he was urged to give the details. He admits with an uneasy smile that it's his ambition to get one every year from now on. "That it does get awfully monotonous," he says, "but I can't do it all that way."

Pilgrims in Budapest for 34th Eucharistic Congress

Peasants knelt in the open to receive Holy Communion during the 34th Eucharistic Congress in Budapest. Pilgrims by the thousands came from every part of the Christian world to the banks of the Danube. Candy was supplied to 100,000 children. Absence of German Catholics gave Papal Legate Cardinal Pacelli an opportunity to assail Catholicism's enemies and to deplore the failure of international agreements and alliances. The congress closed with the brilliant spectacle of 2,000,000 people carrying candles and singing hymns on the river bank, while an illuminated steamboat procession went by carrying the Blessed Sacrament.

Canadian Prairie Markets Fill Up With U.S. Peaches: Okanagan Price Brought Down To Compete

Quotation in Valley Cut From 90 To 75 Cents For Top Grade

REDUCTION RECOGNIZED AS QUITE INEVITABLE

American Fruit Paid All Duties, Transportation—Was Still Cheaper

A very low price for peaches from the state of Washington has made it necessary to cut the quotation on local Okanagan fruit from 90 cents per crate for No. 1's to 75 cents. It has proven absolutely impossible to maintain the value that was decided on at a meeting attended by the tariff committee and southern district executive of the B.C. F.G.A., as well as shippers, at Penetion on July 22. The shippers, whose advice was sought, agreed to this price.

Outward by the distribution of Washington fruit, in particular, the Okanagan product later backed up badly. The importers could buy the American peaches, pay full duty according to the trade agreement, as well as all transportation costs, and lay them down delivered at a cost well below the competitive Okanagan figures. Added to this was the fact that the U.S. peaches could be bought in straight cars of No. 1's, in any size wanted by the buyer, while the Okanagan experience difficulty in supplying sizes and had to submit a percentage of No. 2's.

The fact is that the Washington peaches are down at 35 cents f.o.b. This meant that the stuff could be delivered to Calgary at \$1.15; Edmonton \$1.18; Saskatoon \$1.22; Winnipeg \$1.26; and Vancouver \$1.30. As the Okanagan price of 90 cents this gave the U.S. fruit an advantage on all these markets. The discrepancy was as much as 9 cents at Winnipeg and Edmonton; 5 cents at Saskatoon; 2 cents at Calgary; and 11 cents at Vancouver.

On August 10 as many as 15,000 crates of Okanagan peaches were available. But there were no orders. Action had to be taken speedily and the price was cut to the new figure of 75 cents for No. 1's and 60 cents for No. 2's.

But even after such a decision the peach markets were filled. There was no response from the important Winnipeg distributing point in particular. Only after very vigorous pressure had been directed toward the other sections of the prairies did some response show up.

NO ARTIFICIAL PRICE
It had been suggested in some quarters that the 35 cent figure in the state of Washington applied to Canadian sales only and was not a U.S. domestic price. Careful study has shown, however, that this was no artificial dump quotation. The American trade could get what it faced in that the price has not varied much in many years. And if this had been borne in mind by the Okanagan interests who agreed on the 90 cent rate in the very first instance, a very nasty marketing situation could have been avoided. It is freely declared in some quarters. Simple arithmetic would seem to show the absurdity of such a figure, under the circumstances. But the various "experts" seemed to follow each other blindly and when one of them ventured the 90 cent rate, nobody apparently risked a move towards bringing it lower.

Since an actual reduction has been made necessary there has been a considerable discussion, particularly among the southern growers. There has been some hostility to the lower price. But as the facts have become known, the inevitability of the cut has been recognized. The general tariff, dump duty, and excise tariff have been paid up on the American fruit. But still it secured the advantage. This at one time led to the suggestion that the protection should be raised. But enquiries at Ottawa have disclosed that this is impossible. The trade agreement on Canadian protection permits of no higher imports.

The duty which is 1 and 2/5 cents per pound became effective on July 29. At the meeting held in Penetion on July 22, and which has been already referred to, the Okanagan interests agreed that this protection should be calculated to apply to Rochester and onward, and their request was complied with. Critics are now saying that the discussion should have stopped there, and not continued to the question of price.

ROCHESTER AFFECTED
The government estimate of B.C. peaches is 460 to 470 thousand crates. This is somewhat higher than the estimate compiled by the shippers, but it is still apparent that there is a good volume to be marketed, and the recent situation has been a very worrying one. A few shippers are coming on, but the variety chiefly concerned have been the Rochester.

The low price in the United States suggests the statement that the grower across the line must suffer considerably. This is not disputed, yet leaders in the industry point out that there is a subsidy in token of the fact that the Washington administration has been purchasing really huge stocks of fruit and taking them off the farmers' hands. Between July, 1937 and May, 1938, these purchases in the nation amounted to as much as 3,000 cars monthly, made up of farm produce.

There is also competition from Ontario in the farther east sections. Ontario has been reported as quoting 42 1/2 cents for 6-quart Leona boxes. Such a basket contains 11 pounds. Two of them, at 85 cents, would give a few pounds more than our Okanagan container with a net weight of 19 to 20 pounds, now selling at 75 cents. But the freight rate from the Okanagan to Winnipeg is \$1.50 while from Ontario it is \$1.25.

When questioned by The Vernon News on Monday, A. K. Loyd, President of the B.C.F.G.A., showed considerable familiarity with the question as it has developed. He explained that in conjunction with F. A. Lewis, of Vernon, chairman of the association's tariff committee, a thorough investigation was being conducted on behalf of the growers.

TWO FINED HERE ON INTOXICATION CHARGE

Two men charged with violations of the Liquor Act, appeared before Magistrate Morley in City Police Court on Monday morning. The first case on the docket was that of Charles Caray, of Lumby, who was charged with being intoxicated. Caray had been warned about his behavior by Provincial Police officers on previous occasions but he had apparently paid little or no attention to them. On Saturday evening he was charged with being intoxicated. He was fined \$25 and costs.

The second case which came before the court on Monday morning was that of Alec Christien, an Indian from the Lumby district, who had been picked up on the streets on Friday, in a state of intoxication. A special hearing was held before Magistrate Morley on Saturday and Christien claimed that he had been drinking the liquor that he had been drinking the case was therefore held over until Monday. On Monday morning Jimmy Logan, an Indian of the No. 11 reserve, appeared upon a request made by Christien. Christien stated that he had met Logan on Friday afternoon and that together they had drunk gin, which Logan had supplied. Logan, however, was able to prove conclusively that such was not the case and that he had not

GROTE STIRLING PAYS TRIBUTE TO DOMINION'S ROADS

Grote Stirling, M.P. for Yale, has satisfied an ambition that he has cherished for many years. A few days ago he told The Vernon News that he had recently completed an enjoyable motor tour by an all-Canadian route from Ottawa to his home in Kelowna. He was very enthusiastic as he spoke of it, describing the trip westward as a most interesting and profitable one. Following the conclusion of the Conservative convention when a new leader for the party was chosen. In a period of 13 days, during which time a day was spent at Winnipeg and two at the Calgary Stampede, they drove 2,574 miles. The only part that they did not drive over was a 300 mile trip on Lake Superior.

"It seems to be the general thing for Canadian travelers to think automatically of the United States route, and that is regrettable. We have our own highway across the continent, capable of giving unending pleasures. Instead of finding fault with our highway services, which seem to be the practice of thoughtless critics, we should really investigate the things we have." "Only about 500 miles of the highway over which he travelled was paved, he pointed out. "But the gravel roads are excellent. They make it possible for you to drive at good speed. Traffic was sparse and we had very little dust trouble. Altogether it was a most enjoyable experience, teaching me more about Canada."

As he proceeded from the east he found the road conditions very different to motor through. "The highways there are excellently laid out through a charming 'playground area'." On the prairies he found signs of crops that meant more buoyant times. "If there were no graveyards there would be hundreds of millions of new wealth in circulation in the near future. Where there have been no crops for years, in the 'drought area', moisture of recent times has caused the crops to grow. "It shows how quickly that country can come back if Nature co-operates." Mr. Stirling remarked with a smile.

Attending the Calgary Stampede for the first time, he admitted that he was thoroughly thrilled, and amazed by the efficiency of arrangements. "We came home by car without once having touched American soil," Mr. Stirling pointed out. "And it was no hardship. Far from it. We enjoyed it immensely."

RAINS IN TRINITY VALLEY WELCOMED

TRINITY VALLEY, B.C., Aug. 18.—The recent rain was very welcome here, it did the pastures much good. It has cleared away the smoky haze of adjacent fires, that had blurred the sky for weeks. Mr. and Mrs. A. Gano, Mrs. J. B. Patrick and Irene, and Mr. Chouinard were visitors to Vernon during the last week. Mrs. Don Saunders is at present a patient in the Vernon Jubilee Hospital. Christian during the afternoon but had nothing further to do with him. The accused was subsequently found guilty and fined \$10 and \$15 costs or the alternative of 14 days in jail on the charge of intoxication. Investigation as to the source of supply of the gin is continuing.

Old Fashioned Bargains

For People Who Know Thrifty Values, Merchandise in This Advertisement Will Fill Immediate and Future Needs

These Prices Demand Quick Action

Thrifty Prices In Women's Wear		Shop Early To Share These Bargains	
JIGGER COATS Tailored in good quality flannel, semi fitted styles. Just made to wear now. White only, sizes 14 to 20. Regular \$6.95. Each \$4.95	WOMEN'S PANTIES Superfine quality in cuff style, also bloomer with elastic at waist and knee. Colors white and tea rose. Small, medium and large. Pair 49c	WOMEN'S OVER KNEE HOSE Lovely sheer quality crepe with fancy elastic top. Mock fashioned but slenderizing to the legs. Dull finish. Colors Manoa, Burnt Nude, Grey Dusk, Misty. Hudson's Bay Company

The Jobber-Shipper Combine 1938

"We put the Nash brand on his hip". (Nash Jobber letter - Duncan Report)
 "The Voice is Jacob's Voice, but the hands are the hands of Esau."

Mr. Justice D. A. McDonald
 (Address to the Jury on the
 Nash trials, March 1928)

"The underlying thought throughout the whole question is the principle which was laid down by the greatest Teacher whoever lived, when he said:-
 "No man can serve two masters for either he will hate the one and love the other or else he will hold to the one and despise the other"
 and it is a principle which is as true to-day as it was 2,000 years ago."

Mr. Lewis Duncan in his
 Report, page 120

"A Jobber-broker (shipper) combine is not a 'natural' combine, for it is an attempt to join in one organization two opposing factors—the broker (shipper) whose interest should be solely that of the grower; and the jobber whose interest is opposed to that of the grower. Such a principle is wrong and dangerous and your commissioner recommends that it be declared unlawful."

WESTERN GROCERS LIMITED OF WINNIPEG (Whole-sale jobbers of fruit, vegetables and groceries) holds 99,990 shares out of 100,000 shares in

DOMINION FRUIT LIMITED, (formerly Nash Simington Limited) of Winnipeg, wholesale fruit and vegetable jobbers which holds shares as hereinafter set out in

LANDER COMPANY LIMITED incorporated as shipper of fruit and vegetables of Vernon, B.C., now a holding Company for Dominion Fruit Ltd., in respect of its jobber control over shippers who are under duty to sell fruit and vegetables for growers. Shares held as follows:-

NASH JOBBERS LETTERS

Written in 1924, as reproduced in the Duncan Report, pg. 44 and 46.

"No matter which way it goes we have arranged things so that we will not be blamed for the upset if it comes."

"We have four men in the . . . District, including two directors and we are sure that each one of the four has no idea that the others are wearing our brand. We think it will be quite in order to commit any crime, murder excepted, to land this . . . bunch, as a unit . . . We are proceeding to do this irrespective of how much it will cost because once we get them they are ours for keeps. No matter what happens we must use the greatest of care in case our plans fall down and the Central operates again in 1924 to see that we still appear to have clean hands when we ask for the deal."

Combines Investigation . . .

(Continued from Page 1)

owned by the jobber the shipper is controlled in his actions by the jobber and the jobber's interests are diametrically opposed to grower interests. The investigation showed that the jobber-controlled shipper, being a party to the combine, permitted and connived at dishonest and improper practices whereby the growers were forced to accept a price below that which they should have obtained.

"TWO MASTERS"
 In his address to the jury on the prosecution which followed—which address is a classic summary of the ills which may befall producers generally—Mr. Justice McDonald said, "The underlying thought throughout the whole question is the principle which was laid down by the greatest Teacher who ever lived when he said, 'No man can serve two masters for either he will hate the one and love the other, or else he will hold to the one and despise the other' and it is a principle which is as true today as it was 2,000 years ago."

In Commissioner Duncan's investigation, and throughout the course of the trials which followed, it was found that the jobber-broker combine worked to the disadvantage of the growers, to the disadvantage of the consumers and to the disadvantage of all others interested in the fruit industry. The duty of the shipper, being an agent of the growers, was:

- (a) to render full and true returns to the growers or the growers' associations, as the case might be;
- (b) not to merchandise or make any secret profit;
- (c) to take no more than the agreed remuneration;
- (d) to remunerate any agents or sub-agents out of its own remuneration unless the contract provided otherwise;
- (e) to act solely in the interests of the growers in obtaining the highest possible price for the produce.

jobbing houses, particular sets of growers, were favored—a great peril to all growers but especially to the co-operative movement.

EXPENSE CHARGED TO GROWERS

The general practice of the shippers and jobbers investigated, was to pass back to the growers as much as possible of the expense incurred in connection with the marketing of the fruit. This had been done even though such expense was properly a charge against the jobbers. The Commissioner found that while a combination of jobbers is interested in obtaining the supply so merely in regulating the maximum possible profit, consistent with a reasonable volume of distribution, the addition of a shipper to the combine, increasing control over supply, did not alter the attitude of the combine to the consumer.

Commissioner Duncan submitted his report with specific instances and the quotation of correspondence which showed the lengths to which the combine, secure in its control, had gone. The following quotations from letters passing between Nash officials are particularly enlightening:

CORRESPONDENCE QUOTED

From letter of January 28, 1924, from George H. Snow, Nash representative in Vancouver, to J. A. Simington, President of Nash-Simington Limited.

"Up to the present time Hatzio has refused to sign a contract with Central, and we have a wildcat grower. We had him in here Saturday and sent him back with his car well polished for his directors' meeting, which is being held today."

"No matter which way it goes we have arranged things so that we will not be blamed for the upset if it comes."

From letter of January 28, 1924, from George H. Snow to W. E. Carruthers, Nash Supervisor for Alberta and British Columbia.

"Dear Sir:—Thank you for your letter of the 26th. An enclosing letter received from J. A. S. and reply sent today. The Hatzio affair is a peach and will raise particular hell if we pull it off. Our director on the board is well groomed. He is a dunce. We put the Nash brand on his ship today. We sure play up to the Associated these days."

"We have four men at work in the Hatzio district including two directors, and we are sure that each of the four has no idea that the others are wearing our brand. We think it will be quite in order to commit any crime, murder excepted, to land this Hatzio bunch as a unit, on the same basis as Gifford and Tanner. We are proceeding to do this, irrespective of how much it costs, because once we get them they are ours for keeps. No matter what happens we must use the greatest of care in case our plans fall down and the Central operates again in 1924, to see that we still appear to have clean hands when we ask for the deal."

"The writer is devoting all his time to this proposition, and you are just as liable to get a flash wire some early morning that we are perched in the saddle at all points we ask for the deal."

SWEETEN THE DIFFERENCE

Letter of June 9th, 1924, from W. E. Carruthers to R. B. Staples.

"Mr. R. B. Staples, c/o Creston

Growers Limited, Creston, B.C.

"Dear Sir: Mr. Morgan, I understand, has wired you also written you in regard to our arrangements in the handling of our berries, and in view of your letter I discussed the matter with our boys here who are desirous of co-operating with you to the fullest."

"Both boys realize your position in regard to competing with Lindsay and while they are making 75 cents per case on berries taken from cars, they would be willing to work on 35 cents to 40 cents a crate, proportionate later on some of your other commodities you could fix them up on something to sweeten up the difference. You should be able to count on a maximum of 50 cents to cover jobber and brokerage charges."

"If this is satisfactory I suggest that you confirm it to the two houses and the broker."

"Yours truly, (sgd.) W. E. Carruthers."

"P.S.—Lindsay advised Hall that he thought he would need him to take care of some of his surplus before the week-end. This gives us an opportunity to pull down his average and fatten up yours."

CHARGES WERE LAID

Following the investigation charges of conspiracy were laid against Mutual (Vancouver) Limited, Mutual Brokers Limited of Calgary, Mutual Brokers Limited of Regina and Mutual Brokers Limited of Winnipeg.

"Up to the present time Hatzio has refused to sign a contract with Central, and we have a wildcat grower. We had him in here Saturday and sent him back with his car well polished for his directors' meeting, which is being held today."

"No matter which way it goes we have arranged things so that we will not be blamed for the upset if it comes."

From letter of January 28, 1924, from George H. Snow to W. E. Carruthers, Nash Supervisor for Alberta and British Columbia.

"Dear Sir:—Thank you for your letter of the 26th. An enclosing letter received from J. A. S. and reply sent today. The Hatzio affair is a peach and will raise particular hell if we pull it off. Our director on the board is well groomed. He is a dunce. We put the Nash brand on his ship today. We sure play up to the Associated these days."

"We have four men at work in the Hatzio district including two directors, and we are sure that each of the four has no idea that the others are wearing our brand. We think it will be quite in order to commit any crime, murder excepted, to land this Hatzio bunch as a unit, on the same basis as Gifford and Tanner. We are proceeding to do this, irrespective of how much it costs, because once we get them they are ours for keeps. No matter what happens we must use the greatest of care in case our plans fall down and the Central operates again in 1924, to see that we still appear to have clean hands when we ask for the deal."

"The writer is devoting all his time to this proposition, and you are just as liable to get a flash wire some early morning that we are perched in the saddle at all points we ask for the deal."

SWEETEN THE DIFFERENCE

Letter of June 9th, 1924, from W. E. Carruthers to R. B. Staples.

"Mr. R. B. Staples, c/o Creston

common law duties of the shipper to keep the funds of his principal—the grower—apart from his own, to deal honestly and fairly with his principal's produce and to render proper, just and fair accounts of those dealings.

The Act provides in effect that a shipper may not be controlled wholly or substantially by a jobber, or by or on behalf of a person or corporation which belongs to an organization of jobbers, and it further provides that no shipper shall sell or consign or dispose of the products of the growers to any jobber which belongs to an organization of jobbers, of which the shipper is a principal or part.

The penalty for breaches of the statute are, in the case of an individual, a fine not exceeding \$10,000, or a term in prison not exceeding two years, or both; and in the case of a corporation, a fine not exceeding \$100,000.

It has been said that "eternal vigilance is the price of liberty". It is also the price of security. Apparently the producers were lulled into a sense of false security by the results of the Nash prosecution, and because of the fact that they had succeeded in having legislation enacted to give them greater protection than they had before.

Further they were so busy enacting legislation that apparently they lost sight of the fact that if a state of affairs similar to that which existed in the days prior to the Nash trials were to occur again, marketing legislation, such as has been enacted in Canada, could only serve as a screen behind which ruthless jobbing interests, gainful and the appearance of respectability by a show of regard for the growers' interests and by appearing to support such legislation, would be able to extend their influence and ob-

tain a strangle-hold on the industry which would fast force it to destruction.

The growers forgot the necessity for "eternal vigilance", even with marketing legislation, to see to it that the cancerous growth, which has been built up by the Nash organization, did by no means affect the business of marketing fruits and vegetables. The result was that which might have been expected to occur, namely, that the evil broke out again and if that be possible, in an even more virulent form.

May I point out here that if there exists on our Prairie markets a jobbing organization marketing in considerable quantity fruit from the Okanagan, which has control over shipping interests in the valley it is enabled, through the sacrifice of the interests of the grower, to fix the re-sale price of fruit at such a level that all other jobbing interests and all outside shipping interests are forced to meet the price in order to sell their own fruit.

If, then, one jobbing interest, through its shipper control, is given the opportunity of fixing a price without regard to the growers' interests all other jobbers and shippers, no matter how honest they may be, no matter how anxious they are to lower their prices to meet the unduly low competitive price set by the jobber-shipper combine.

Marketing Boards are well-nigh helpless in such a state of affairs, as the prices they set are dictated by market demands and the combine, secure in its control, if it does not agree with the prices, merely shows up its purchases for the time being and forces the prices down by pressure on the part of its controlled shippers. In view of the difficulties in respect of regulation of shipments outside the province, which beset marketing boards operating under provincial legislation, there is apparent the danger which

arises from the existence of a strong jobber-shipper combine, controlling in considerable proportions—those self-same shipments.

Today we are worrying about the outlook for the coming marketing season, and in spite of the recent favorable decision in connection with the "Natural Products Marketing Act" there seems little light for us on the marketing horizon. The reports which reach us from the jobbers are not encouraging. My recent investigation into the subject of marketing, have made it abundantly clear to me, that there is every reason for gloom on the part of the grower—aye, even for desperation, if there continues the state of affairs, for which certain of our large jobbing interests and certain of our shipping interests in this valley have plotted and conspired.

For I say that today there exists in connection with the marketing of our fruit, a combine which in its ramifications and ruthlessness rivals the Nash organization at the peak of its unscrupulous career. All of which might have been expected because the present combine is its successor in title and, to a large extent, in personnel, and the leopard does not change his spots.

A short time ago I caused a search to be made at the office of the Registrar of Companies in the Parliament Buildings, Victoria, and I then discovered through the medium of company reports, filed by valley shipping interests, that the old Nash-Simington Company Limited, under its new name of Dominion Fruit Limited, and controlled by Western Grocers Limited, has through its agents in this valley—R. B. Staples and A. C. Lander—acquired control over shipping interests in all the important centers on the Main Line, in the Okanagan Valley and in the Similkameen—a control which exceeds in strength that which was exercised by the old Nash combine in the days previous to 1924—the year when the convictions were obtained.

I have my hand in the last annual statements and reports filed with the Registrar of Companies by J. B. Lander Limited of Kamloops, Lander Company Limited of Vernon, Browne-Lander Limited of Kelowna, and Cascade Fruit Company Limited of Kelowna, Browne Company Limited of Penticton, and Keremecos Fruits Limited of Keremecos, as well as annual statements filed in Manitoba by Western Grocers Limited and Dominion Fruit Limited.

These statements show that Western Grocers Limited, with its assets of nearly \$3,000,000, holds 99 percent of the shares of its subsidiary, Dominion Fruit Limited. I have my hand in the last annual statements and reports filed with the Registrar of Companies by J. B. Lander Limited of Kamloops, Browne-Lander Limited of Vernon, Sales Service Limited of Kelowna, and through Sales Service Limited, the marketing of fruit of Apex Orchards Limited of Kelowna, Browne Company Limited of Penticton, and United Fruit Company of Vernon, and Walters Limited of Kelowna, and Keremecos Fruits Limited of Keremecos.

I have here annual statements of

the companies mentioned, certified as correct by the Registrar of Companies. They bear out the statement of contents I have summarized it. I invite you to examine these records, and I have put it on the board for your inspection.

There is at present in this district one, Harry Reader, who is known to most of you. He started his business career in this district, and is held in high regard by all who know him. Until a month or so ago he was employed by Lander Company Limited at Vernon as accountant and treasurer. For many years he was in the Nash employ, and when he speaks of his operations, he speaks with some considerable knowledge. The documentary evidence filed by the company officials furnishes proof that the combine, to which I now refer, exists and is held in high regard by all who know him. Until a month or so ago he was employed by Lander Company Limited at Vernon as accountant and treasurer. For many years he was in the Nash employ, and when he speaks of his operations, he speaks with some considerable knowledge. The documentary evidence filed by the company officials furnishes proof that the combine, to which I now refer, exists and is held in high regard by all who know him.

The affidavit which was read at this point by Mr. Isaacs, will be featured elsewhere in this issue. To confirm it, however, I have obtained a statutory declaration from Mr. Reader as to the facts.

(The affidavit which was read at this point by Mr. Isaacs, will be featured elsewhere in this issue. To confirm it, however, I have obtained a statutory declaration from Mr. Reader as to the facts.)

Let us for a moment consider who those people are, who have robbed the growers of the opportunity of obtaining for themselves and through their marketing boards, a fair return for the result of their labors. Who are these people who, as in the old days of the Nash combine, have spread out through the length and breadth of this country the tentacles of this monster which is slowly destroying the industry?

Staples was for some time the manager in the Kootenay district for the Nash fruit jobbing organization. He was apparently in the confidence of the "higher-ups" for in or about the years 1923-1924 he was sent by the organization to Lewiston, Montana, where the Nash people have immense growing and shipping operations. There, it is to be presumed, he obtained an education in Nash methods, and in the year 1926 he was employed as a buyer in the valley for the organization. Shortly after the time of the formation of Sales Service Limited, he became the moving spirit in that organization and actively connected with its operation.

A. C. Lander was a Nash man for many years with the Mitchell Fruit Co. at Calgary and with the Mutual Brokers Limited at Calgary—both Nash subsidiaries. Since coming to the valley he has been connected with the Lander Company Limited.

As you will see from the chart, these two men and other former Nash employees, have been placed in control of the shipping organizations mentioned on the chart. All of them have a fair knowledge of Nash methods. I do not think that it can be denied that they have been diligent in their efforts in furthering the interests of their jobber principals in Winnipeg. The uncertainty of fruit marketing in the last

ten or twelve years bear ample testimony to the fact.

Above all, Staples has been the "evil genius" of the fruit industry. Lander is simply his "Man Friday"—a useful "yes-man". Staples is the man who has done more to demoralize proper marketing organization in the valley than any other single individual. He it is who has re-introduced into this valley the methods of the old Nash days. He it is whose work has been for the last ten years to put the brand of his jobber principals on the hips of those willing to become the instruments of the all-engulfing combine.

He is the man who when necessity presses, with his tongue in his cheek, professes to have an abiding love and affection for the growers, and who when all seems secure again, from his Olympian heights, sneers at those self-same growers in their efforts to stabilize their business and condescends on occasion in his pontifical way to give them the benefit of his advice that they should "maintain peaceful relations between all sections of the industry" (why shouldn't the combine be anxious that it be not disturbed) and that they must "snap out of this legislative coma and realize that acts of parliament do not set apples" that "legislative control of marketing tends to decrease distribution."

He is the man who has established in the valley the damnable policy of placing the jobbers at all costs for fear that they will not extend themselves to sell the growers' fruit.

And what of the others—the officials of Western Grocers Limited, and of Dominion Fruit Limited, Alexander McCallum, the former Nash manager, now a supervisor for the combine, and the others—parties to the combine?

Are position and the security of distance to permit them to go unscathed? If there is proper enforcement of the laws of this country the answer must be "no."

That the citizens of the country and particularly those charged with the enforcement of the law, may be in no doubt as to what my intention is, I therefore make the following charges:

CHARGES

1. I charge that a jobber-shipper combine in the marketing of fruits and vegetables exists in British Columbia and throughout the Prairie provinces of Canada.
2. I charge that the principals in this combine are Western Grocers Limited and Dominion Fruit Limited, and others being directors of the said companies; Alexander McCallum, supervisor for the combine, and the others—parties to the combine.
3. I charge that the persons and corporations mentioned have committed and are committing breaches of Section 27 of the "Sales on Consignment Act" of the Province of British Columbia in that they are operating as part of a jobber-shipper combine in infringement of the said act.
4. I charge that such of the corporations mentioned as members of the combine as are incorporated under the laws of this province have rendered themselves liable to dissolution under the provisions of the "Sales on Consignment Act".

(Continued on Page 8, Col. 2)

Mackenzie King Goes Visiting

Several times during his visit to Toronto recently Prime Minister King broke away from the formal duties and tours arranged for him to mix with the celebrating veterans. On one expedition he found two V.C.'s having a chat in a down-town hotel lobby, so he stopped off to join in. Here the prime minister, and William Merrifield, V.C., right, of the Fourth Battalion, discuss reunion progress.

Joe Dean Is Chief Winner At Summer Flower Show Here

Awarded Major J. A. Henderson Challenge Cup For Most Points

Flowers of widely varying variety and color, arranged in their most attractive form, were brought from the many beautiful gardens in this area, to form the 13th annual Summer Flower Show, sponsored by the Vernon and District Horticultural Society, in the Scout Hall on Saturday of last week.

This year 26 exhibitors displayed from one to 23 entries in the 65 classes open to competitors. The large number of classes were arranged in 11 divisions, which included the entries of asters, dahlias, gladioli, sweet peas, roses, perennials and border flowers, house plants, the arrangements of various flowers in the decorative classes, the children's class the class for vegetables, and the entries for The Vernon News prize.

Joe Dean, who had entries in almost every class and especially those for gladioli, was awarded the Major J. A. Henderson Challenge Cup, for the competitor gaining the greatest number of points in the show, besides his many first and second prizes, Mr. Dean also won the Vernon News prize for one bloom each of gladioli, dahlias, and aster, all named, in separate containers, and the P. Burns Cup for the best six blooms of roses of not more than three varieties.

The Jacques Cup, for the best collection of asters, double, in six separate containers, was won by Nathan Johnson, The Empress Cup for her collection of dahlias, six blooms, of two or more varieties. The Kennedy Cup for 12 spikes of four varieties was won by Nathan Johnson for his very attractive display. The Triangle Chemical Cup was won by J. E. Briard with a display of four first grade garden vegetables. The Flower Show was opened in the afternoon by Alderman T. E. Clark on behalf of Mayor Harry Bowman, with a brief but appreciated address. "The Horticultural Society is one of the important public institutions in this city," he remarked, "and has done wonderful work." Alderman Clark spoke particularly of the Polson Park plot, and also of various other undertakings by the society.

During the evening T. W. Swift gave a natural color moving picture show of many of the city's beautiful gardens at the height of their color and bloom, and also "shots" taken during a trip to the Pinnacles, seven peaks in the range of mountains some 65 miles east of Lumby.

CUPS PRESENTED

Following the showing of the pictures, the results of the show were announced, and Mrs. H. Masters presented the cups to the winners in the various classes.

The judges of the show were John Tait, of Summerland, and R. F. Murray, of Penticton. The committee in charge of arrangements was R. A. Ferguson, Mrs. W. W. Darroch, W. J. Nichols, F. H. C. Wilson, H. Fisher, W. Ramsay, Percy Allen, with the president of the Society, Dr. J. S. Brown, and secretary, J. E. Briard.

HONEY DISPLAYED

Displays of honey entered by three Vernon appliers excited a great deal of interest among the visitors. Although for a number of years honey has been exhibited at the shows, this is the first year that the Okanagan Branch of the B.C. Honey Producers has offered prizes for the best displays. The prize for the best exhibit was won by the display of W. H. McMullen, who featured the outstanding qualities of B.C. honey as the theme. The prize for the best six-jar display was won by Milton Haner. A great deal of attention was drawn to Mr. Haner's display by the glass hive which had been included in it. This hive showed hundreds of bees at work building up a "honey comb." The third display, that of the Okanagan Appliers, was a windmill built up of jars of honey, with slowly revolving vanes made up of the small square combs of honey.

DETAILED RESULTS WERE:

Asters, double, six containers: 1, N. Johnson; 2, J. Dean.
Asters, collection 12 blooms, one container: 1, J. Dean.
Asters, vase, artistic effect, any foliage: 1, J. Dean.
Dahlias, six blooms, two containers: 1, Mrs. J. S. Brown.
Dahlias, individual bloom, each: 1, W. Greenaway; 2, J. Langstaff.
Dahlias, individual bloom, decorative: 1, Frank Price; 2, W. Greenaway.

Dahlias, three blooms, each three varieties: 1, Mrs. J. S. Brown.
Dahlias, artistic effect: 1, Mrs. J. S. Brown; 2, W. Greenaway.
Dahlias, artistic pom poms in bowl: 1, W. Greenaway; 2, J. Langstaff.

Gladioli, six varieties, one spike each: 1, J. Dean; 2, S. Hamilton.
Gladioli, 12 spikes, four varieties: 1, Nathan Johnson.
Gladioli, pink, or pink combination: 1, J. Dean.
Gladioli, yellow, orange, or buff: 1, S. Hamilton; 2, J. Dean.
Gladioli, lavender, blue, or mauve: 1, J. Dean; 2, S. Hamilton.
Gladioli, purple: 1, J. Dean.
Gladioli, red, scarlet, crimson: 1, J. Dean; 2, S. Hamilton.
Gladioli, white or cream: 1, J. Dean; 2, Mrs. M. Haner.

Gladioli, smoky, ash, or bronze, copper: 1, J. Dean; 2, S. Hamilton.
Gladioli, any color, any variety: 1, J. Dean; 2, S. Hamilton.
Gladioli, individual spike, any color: 1, J. Dean; 2, H. J. Fallow.
Gladioli, primulas: 1, J. Dean; 2, S. Hamilton.

Gladioli, general collection, 12 spikes: 1, J. Dean.
Gladioli artistic basket, any type and foliage: 1, J. Dean.
Gladioli seedling: 1, S. Hamilton; 2, N. Johnson.
Gladioli, longest blooming spike: 1, J. Dean.
Gladioli, spike with most open blossoms: 1, J. Dean.

The Vernon News Prize—One gladioli, one dahlia, one aster: 1, J. S. Hamilton; 2, J. Dean.
Sweet peas, one, artistic effect: 1, Mrs. Mattock; 2, Fred Botting.
Roses, six blooms, three varieties: 1, J. Dean; 2, Mrs. Mark Wakefield.
Roses, three blooms, distinct var-

QUIET WEDDING IS OF INTEREST IN FALKLAND

FALKLAND, B.C., Aug. 16.—A quiet wedding was solemnized on Wednesday evening, August 16, with the Rev. J. Rowland of the United Church, officiating, when Mrs. Bertha Leaf, eldest daughter of Mrs. M. Ruttan, of Vernon, and R. A. F. Leaf, of Falkland, were united in marriage. Acting as witnesses at the ceremony were James Hamilton and Nicholas Mudrie. After several weeks' honeymoon spent in Vancouver and the United States, Mr. and Mrs. Leaf will reside here, where the former is employed as C.N.R. agent.

Mrs. W. J. McCounie entertained on Wednesday in honor of her nieces, Margaret and Doreen Thompson, who are visiting from Edmonton.

Mrs. Frank Peacher and infant daughter, of Enderby, are visiting Mrs. Peacher's parents Mr. and Mrs. F. C. Kent.

Mrs. B. Munsell and daughter, Ina, are on a holiday trip to Vancouver and will be accompanied by the former's sister, Mrs. Gillis.

Gwen Beddoes left for Vancouver Thursday for a month's holiday with relatives.

SARDIS WEDDING OF INTEREST IN VALLEY

SAAMON ARM, B.C., Aug. 15.—A wedding of much interest to the Salmon Arm and Vernon districts was solemnized August 15, in the Carman United church, Sardis, when Mabel White, the youngest daughter of Mr. and Mrs. Charles H. Evans, of Sardis, became the bride of Frank Smith Thompson, of Salmon Arm, the son of Mr. and Mrs. H. B. Thompson, of Oyamia.

The ceremony was performed by Rev. J. H. White, who had also officiated at the bride's christening. Given in marriage by her father, the bride wore a gown of misty blue silk lace over taffeta. Her shoulder-length veil of silvery blue net was held in place by a chaplet of flowers of contrasting shades. She carried a bouquet of white gardenias and ferns.

Miss Eva A. Evans was her sister's only attendant, wearing a jacket dress of pink suede lace with leg-horn hat trimmed with tiny pink flowers. Her bouquet was of Johnanna Hill and pink bridesmaid's roses.

King Richardson was the best man. Cecil M. Shaw and Charles Evans, brother of the bride, were ushers, and the nuptial music was played by Joseph Bartindale.

Mr. and Mrs. Thomson left by motor via Seattle for Calgary and Indian Head and on their return they will make their home in Salmon Arm, where the groom is a member of the teaching staff of Central School.

VANCOUVER PEOPLE IN AUTO ACCIDENT

KELOWNA, B.C., Aug. 16.—Falling to make the right-angle turn at Gattrell's corner, south of Summerland, a car driven by Miss Lyna Squair, of Vancouver, skidded off the road, turned over and came to rest on its side, Tuesday morning, at about 11 o'clock. The car was proceeding north at the time, intending to come to Kelowna.

Occupants of the car, in addition to the driver, were Mrs. D. R. Squair Sr., Mrs. S. Smylie, Miss Blanch Smith, all of Vancouver, and Sara Squair, young daughter of D. R. Squair, of Penticton. No one was injured beyond bruises.

The car was slightly damaged, fenders and mudguards being crumpled.

Mrs. S. Smylie is the mother of Mrs. Frank Elms, of Kelowna, and was on her way here to pay a visit to her daughter.

Injuries: 1, Mrs. M. Wakefield; 2, J. Dean; 3, A. C. Carter.

Roses, bowl, artistic, with own foliage: 1, Mrs. Mark Wakefield; 2, Mrs. C. Little.

Antirrhinums, collection, one container: 1, Mrs. F. Spencer; 2, Mrs. Mattock; 3, Frank Price.

Carnations, vase, six blooms: 1, Mrs. Darroch; 2, A. C. Carter; 3, Mrs. Mark Wakefield.

Fransies, bowl, own foliage: 1, Frank Price; 2, Mrs. F. Spencer.

Petunias, collection, own foliage: 1, Frank Price; 2, Mrs. C. Little.

Phlox, collection, three containers: 1, J. Dean; 2, T. W. Swift.

Stocks, collection: 1, T. W. Swift; 2, W. Greenaway.

Zinnias, 12 blooms, three containers: 1, T. R. Bulhan; 2, W. Greenaway.

Zinnias, three blooms, one container: 1, J. Dean; 2, W. Greenaway.

Lilies, six spikes, same or different varieties: 1, Mrs. J. B. Brown; 2, J. Dean.

Any kind of flower not included in previous classes: 1, Mrs. G. Kelly; 2, H. J. Fallow.

General collection of four kinds of annual flowers: 1, Frank Price; 2, Mrs. Mattock.

House plant green foliage: 1, Mrs. Kelly.

Arrangements of flowers in bowl: 1, Mrs. E. Little; 2, Mrs. Mark Wakefield.

Arrangements of flowers in bowl, in tones of red: 1, J. Dean; 2, Mrs. G. Kelly.

Artistic basket of flowers: 1, A. C. Carter; 2, Mrs. Kelly.

Artistic arrangement or perennials in one container: 1, A. C. Carter; 2, Mrs. F. Spencer.

Zinnias, artistic arrangement: 1, J. Dean; 2, Mrs. J. S. Brown.

ARMSTRONG FINDS NO NEED OF RESTRICTION OF ITS WATER SUPPLY

ARMSTRONG, B.C., Aug. 12.—The regular monthly meeting of the Armstrong City Council was held recently with Mayor Adair presiding. Aldermen Wilson and Keevil were chosen as delegates to attend the meeting of the Okanagan Valley Municipal Association, which is to be held in Salmon Arm on August 11. The council deferred until next meeting the appointment of delegates to the municipal convention to be held in Nelson in September.

Alderman Keevil reported that the car of pipe had arrived but that the work of laying the pipe would not be started until later in the month. It would be available. With regard to the water supply he said that there was a sufficient supply at the reservoir at present and that there would be no need to impose any more restrictions on the use of water.

The question of water arrears was then taken up and the position of matters given careful consideration. It was ultimately decided to write off some of the accounts which were considered to be uncollectable. In the case of certain other outstanding accounts it was decided to take legal action for their collection.

Alderman Hoover reported the completion of the work on the sidewalk on Okanagan Street. He also reported on work proposed to be done on the back Pleasant Valley Road from Anderson's corner southwards. The cost of this work would be shared by the municipality of Spallumcheen and the Armstrong city council. The council approved of the proposal.

In connection with the Recreation Hall, Alderman Gullivan reported that repair work had been done on the floor of the hall and had greatly improved the condition of the hall. The Mayor informed the council of what had transpired in regard to the chairs which had been got for the Recreation Hall. About 500 chairs had been secured at a cost of \$514 and arrangements were being made for the storing of the chairs when they would not be required for the hall.

In reporting on the position of relief payments Alderman Wilson said that there would be an approximate increase in relief payments for July of \$100 over the corresponding period of last year. This increase is caused by the shortage of employment this year.

The re-assessment of agricultural land within the city limits was then the subject of some discussion but no decision was arrived at the matter being left over until next council meeting.

A by-law ratifying the sale of a parcel of land was re-adopted and finally passed and after ordering the payment of the accounts the council adjourned.

MARA NEWS NOTES

MARA, B.C., Aug. 16.—Miss Helvie Witala returned home last Tuesday from Victoria, where she attended summer school for a month.

Miss Connie McGettigan went to Vernon last week to spend a week or more visiting Miss Agnes Bennett. Mr. and Mrs. W. Triggs came in from Rossland last Wednesday to visit Mrs. Triggs' mother, Mrs. Mary Witala. Mrs. Triggs will remain for several weeks, while Mr. Triggs returned to Rossland last Sunday.

Mr. and Mrs. Koski came in from Rossland last week to spend several weeks here, visiting her brother, Reino.

Art Witala, accompanied by his two sisters, Miss Helvie Witala and Mrs. H. Kavanagh, and his cousin, Miss Mary Witala, and Miss Mary Cadden, went to Tranquille last Wednesday, to visit Miss Olga Witala, a patient there.

Mrs. Kris Kilt and baby daughter, Mrs. L. C. Rosoman, Miss Mary Cadden and Art Witala were Enderby visitors on Sunday, having spent the day with Mrs. Jack Beck and Mr. and Mrs. P. Rosoman.

Mike Ferro, of Solsqua, was a visitor here on Saturday, to look over the C.P.R. section-house, having secured a position as Mara's section foreman for the C.P.R., in place of Victor Witala.

Mr. and Mrs. Jack Woods, Mrs. Courtwright and Cyril Needham spent Sunday at Sicamous with Mr. and Mrs. Alec Woods. Teresa Van Antwerp, after a two weeks' holiday there, returned home with them.

Miss Helen and Miss Irene Haros are visiting relatives in Vancouver. Mr. and Mrs. Artie Westwood left on Monday for a vacation to Harrison Hot Springs and Vancouver.

Mr. and Mrs. C. A. Hayden also left Monday evening for a week's vacation in Vancouver.

The garden party held by the Okanagan Landing Community Club was a success although the attendance was poor. Mrs. C. A. Hayden won the raffie bag and Mrs. J. T. Van Antwerp the bottle of candy.

Mrs. E. Stopford, of Vancouver, is visiting Mr. and Mrs. A. W. Lewington.

Miss Violet Wolsey, of Ottawa, is visiting her parents, Mr. and Mrs. C. G. Wolsey.

OROVILLE REPORTS "EPIDEMIC MENINGITIS"

OLIVER, B.C., Aug. 15.—Dr. S. A. Porter, medical health officer, at Oroville in the state of Washington about 20 miles south of Oliver, and four miles across the international boundary, has closed all places of public gathering following an outbreak of what is termed "epidemic meningitis."

The boundary line is closed for Canadians going to Oroville, but those going farther south are permitted to cross into the States. Likewise, Oroville residents are not permitted to enter Canada, but residents of other parts of the States may enter as usual.

There are reported to be three cases of the disease, and one death has occurred. Oliver health authorities are keeping a close watch in this district.

Funds As Result Of
Sale Of Work

OKANAGAN CENTRE, B.C., Aug. 16.—On August 16, the Ladies' Guild of the Anglican Church of Woodside Parish, held a garden party and sale of work in the beautiful gardens of the Rainbow Ranch, which were kindly loaned for the occasion by Mr. and Mrs. J. Goldie.

Mrs. Gibson had charge of the guessing competitions, and home cooking stall, and Mrs. Holton had charge of fancy work offered for sale.

Miss J. Gibson had charge of the ice cream stall and Mrs. Coe was in charge of the amusement section. The arrangements for the tea were in the hands of Mrs. Seaton, Mrs. Cheesman, Mrs. Coe, and Mrs. Williams. This successful party netted over \$50 for the Guild.

Cyril Smith, nephew of Mrs. J. Gleed, is staying here from Vancouver and will visit for a few months.

Mr. and Mrs. J. Goldie were recent visitors to the coast.

Mr. and Mrs. U. Mignon, of Kelowna, spent a few days last week at the lake side residence of Mr. and Mrs. W. Thompson.

The finals of the Rainbow Cup tennis tournament were played at the Tennis Club here last Saturday when last year's holders, Mr. and Mrs. O. Fallow, met Mrs. Gibson and P. Macdonell. The victors were Mr. and Mrs. C. Fallow, who now hold the cup for another year.

The Centre has seen much activity this month with various camping parties.

The Rutland Boy Scouts held their usual annual camp here, followed by the Cubs, in charge of Messrs. Hall and Bond.

Lessons in tennis by Colin Milne, of Vancouver, under the government's scheme of physical education, were in progress here last week and were well attended both by young people from Oyamia and Winfield, as well as by those living in the Centre. Mrs. Darvill, of Oyamia, accompanied the girls from Oyamia, who camped here during the duration of the lessons.

Radio Log

The string quartet under the direction of Allard de Ridder will play the concluding movements of Mozart's G major Quartet, on the program, "Epilogue", Thursday, August 18, from Vancouver studios at 10 p.m. PST. The first two movements were played on August 11. The soloist of this presentation, the featured soloist, "Andante Cantabile" and "Finale" are the movements of the Mozart quartet. This composer wrote innumerable compositions yet he died in poverty before he was forty years old.

Contrasts are vivid in the program of "Dance Delight", broadcast from Vancouver to the CBC network Thursday, August 18, at 8:30 p.m. PST. Jack Aronson directs the orchestra. Heath, tenor, is the featured soloist. A symphonic foxtrot arrangement of an old nursery rhyme, "The Woman in the Shoe", opens the program. A special arrangement by Dick Douglas, pianist, will be included.

Ceremonies attending the official opening of the new Thousand Islands Bridge, which crosses the St. Lawrence River between Collins Landing, New York State, and Ivey Lea, near Gananoque, Ontario, will be broadcast to listeners of the North American continent through the facilities of the Canadian Broadcasting Corporation, Thursday, August 18. CBC commentators will describe the scene during the arrival of important representatives from both countries and the colorful program of dedication for listeners of the national network in Canada.

The numbers of "Music Never Dies" better out the title in the program for Friday, August 19, at 8:30 p.m. PST. Doreen Wilson, soprano, will be the featured soloist to be heard with Percy Harvey and his orchestra from Vancouver to the CBC network. Rimsky-Korsakoff, Tchaikovsky, and Friml are among the composers known to all lovers of the classics, whose work will be played. A modern musician, Ferde Grofe, has made a special arrangement of Friml favorites which will be played on this program.

Rhythm being the musical fashion, two rhythmic arrangements will be presented on "Today's Music", on Wednesday, August 24, from the Vancouver studios to the BC network at 9 p.m. PST. Percy Harvey directs the modern orchestra, with Doreen Wilson as featured soloist. The two rhythmic features are "Marchita" by Scherzinger, and "Merry Widow Fantasy" by Lehár.

Ferde Grofe, outstanding American composer, pianist and conductor, and a veteran broadcaster, has made a special arrangement of Rudolf Friml favorites to be featured over the CBC's Mid-East and Western networks Friday, August 19, at 8:30 p.m. PST, when the Vancouver feature, "Music Never Dies," is presented. Doreen Wilson, Victoria soprano, will be the assisting artist, and Percy Harvey, CBC staff conductor, will direct the orchestra.

The ninth Chicagoland Music Festival at Soldier's Field, Chicago, Saturday, August 20, 5:30 to 8:30 p.m. PST, will be featured over CBC's national network as an international exchange feature with the MBS. This special program has 8,000 musicians participating, many of them from the Dominion. The festival, which can be considered one of radio's original audience-participating programs, is expected to attract more than 100,000 persons who will not only witness the event but will take part in many of the songs.

GRINDROD NEWS NOTES

GRINDROD, B.C., Aug. 15.—Mrs. McKenzie and children, of Lumbly, are spending a few days here, the guests of Mrs. L. M. McKenzie.

Little Olga, Bylyk was taken to the Salmon Arm Hospital on Friday, suffering from a severe attack of flu, and since entering is much improved.

Betty Halksworth returned to her home on Saturday after undergoing an operation at the Enderby General Hospital.

Miss Evelyn Scott, of Enderby, spent Friday at the home of Mrs. W. J. Monk.

Miss Joan McLaughlin returned to her home at North Hill on Sunday, after spending several weeks here.

A party was given on Thursday evening in honor of Miss Blanche Tomkinson, the occasion being her 17th birthday. A large number of her Grindrod and Mara friends attended and had a most enjoyable time.

Miss Peggy Lowes gave a bench party on Friday night for a large number of her young friends.

Miss Alice Skyrme is spending her holidays with Vernon friends. The Saturday night dances are still drawing crowds from a wide area.

G. S. Handcock and his father, G. S. Handcock, were visitors to Vernon on Monday on business.

The Misses Anderson, of Chase, have been spending several days at the home of their grandmother, Mrs. A. Anderson, of Spring Bend.

TRAINMAN INJURED

PENTICTON, B.C., Aug. 10.—Frank Williams, Sr., was slightly injured at the C.P.R. South Penticton yards on Wednesday morning, August 10, when he fell between two box cars. While no bones were broken and the Penticton resident's injuries were superficial, it is understood he will be off work for about a week. The accident occurred when Mr. Williams was tightening brakes on some cars which were stationary at the time. It is reported that a chain snapped, causing him to lose his balance and fall between the cars.

The only land under the United States that ever visited by Columbus was Puerto Rico.

Defence Department May Build Air Base On Anticosti Island

Hon. Ian Mackenzie announced that the investigation of Anticosti Island's facilities for defence bases is part of the normal program the department of defence is following. H.M. C.S. Venture is carrying naval and air force officers to the island to explore it and the nearby Magdalen Islands, and other officers are flying direct. The Magdalen Islands have low-lying shores like the stretch shown below, dotted with large rocks. It is expected the main base will be built on Anticosti and an auxiliary defence area on the most suitable of the neighboring group. Cap Blanc, top left, is typical of the perpendicular cliffs which are found at several points along the shore of Anticosti island in the Gulf of St. Lawrence. Aerial surveys of the Anticosti and Magdalen areas have already been made by the department of defence. Most of the high rock cliffs like this, top right, on a stretch of the Magdalen shore are shown. Hon. Ian Mackenzie said all island problems are understood but the facilities of the area with respect to the establishment of an R.C.A.F. seaplane base are not yet known.

BEAUTIFUL GARDENS NOT CHANCE PRODUCT

Gardens everywhere are now at a most alluring stage, and provide opportunity for the enthusiastic amateurs to observe what new varieties, combinations, contrasts and cultural methods may best serve to enhance the loveliness of their own creative efforts, says G. R. Snyder, Canadian soils chemist.

New conceptions can be put into practice at once, for the late summer and early fall is an excellent time for the establishment or improvement of lawns and perennial borders, and the setting out of a few popular pinks, forget-me-nots and English daisies.

For fall planting, however, great care is required in the preparation of the soil. Early, vigorous growth is essential if the plants are to become well established before cold weather sets in. Plant food of a character that will promote both vegetative and strong root growth is required in abundance and in readily available form. To build up this food supply a complete garden fertilizer of the type of a 4-10-8 may be applied previous to planting, at the rate of two pounds per 100 square feet, and thoroughly mixed with the soil to a depth of two to three inches. Later in the season, say in October, a supplemental application of a high phosphate fertilizer of the type of 0-16-8 may be used to further stimulate root development primarily and to fortify the plants against the rigors of winter.

Lawn improvement begins with the elimination of weeds. Dandelions can be discouraged by treating the individual plants with a shot of chemical weed killer. For the control of plantain, a very dilute solution of sodium arsenite, used as a spray, has interesting possibilities; properly applied, it cleans out the plantain without permanent injury to the grass. Weeds flourish when the turf is thin and can best be controlled by maintaining a thick grass sward through the practice of early fall seeding of the bare spots and early fall feeding of the entire lawn.

When making plans for fall planting, the preparation of mulching material for the lawn should not be overlooked. Well rotted manure and good loam soil built up in layers of a few inches in thickness and well watered should be ready for use before the cold weather sets in. Gardens that provide interest, beauty and pleasure every day are not the product of chance, but rather the result of an accumulation of ideas developed by intelligent cooperation with nature and science.

Huge kites with advertising signs have been developed in Germany to serve as flying billboards.

80 Farmers Attend Demonstration At H.C. Catt's Ranch

Lumby Illustration Station Is Scene Of Instructive Discourses

LUMBY, B.C., Aug. 15.—Over 80 people attended the field day held at the Illustration Station on H.C. Catt's ranch on Saturday, and spent an enjoyable and instructive afternoon.

R. M. Hall, of Agassiz, Dominion superintendent of sub-illustration stations, was present, and gave a talk on horses. Demonstrations showed the good points of a horse.

MANY SPEAKERS
Tom Stewart, in charge of the Dominion Livestock Branch at Victoria, gave an interesting address on types of Shorthorns. Mr. Catt's fine herd of Shorthorns was on display, and served to illustrate many points in the lecture. The herd received very favorable comments from the lecturer.

Judging classes were formed from among the farmers, many of whom travelled some distance to attend the function. Coldstream, Vernon, and Okanagan Landing were well represented.

J. McAllister, of Lumby, shone in the cow judging and Bill Husband, of Lavington, in the class for yearlings. Mr. Stewart then gave a special talk on Boys and Girls' Clubs.

REFRESHMENTS

Adjourning to the ranch home for refreshments, the guests were entertained to afternoon tea by Mrs. Catt, while questions and answers continued on important farm matters, and Mr. Hall spoke on a number of agricultural matters. He was followed by M. S. Middleton, of Vernon, who gave an address on fertilizer and pasturage, and answered many questions.

ELECT OFFICERS
The farmers decided to re-organize their Lumby and District Farmers' Institute, which was inactive. H. C. Catt, as president of the institute, urged all farmers to get together and elect officers from among the many newcomers who have entered the district.

Garrett Breckenridge was appointed president, with Max Hoffman as secretary; a meeting being arranged to take place shortly.

A successful basket social and dance was held in the Parish Hall on Friday.

Mrs. Essery, of Leduc, Alberta, arrived here on Friday to attend the funeral of her father, J. LeBlanc, and is visiting relatives.

Bill Brady had the misfortune to break his leg while cutting ties.

Mrs. Hugh Alexander arrived from Vancouver on Friday, accompanied by her young son, Brent.

E. Newbrand, of Edgewood, was a visitor to Lumby last week.

Mrs. Koski returned from Vancouver on Friday after attending the wedding of her brother.

WASHINGTON'S APPLE CROP IS HIT BY HEAT

PORTLAND, Oregon, Aug. 11.—Prospects for the 1938 apple crop in the United States northwest slumped 810,000 bushels in Washington on August 1, compared to the July 1 estimate, the Department of Agriculture said.

Despite the drop in Washington, the national crop showed a slight gain during July, total production on August 1 being estimated at 134,867,000 bushels compared to 210,673,000 a year ago and a ten-year average of 150,728,000.

"Extremely hot weather and codling moth worm damage were chiefly responsible for the decrease in the Washington estimate," the department statisticians declared.

Mrs. J. R. Freeze entertained a few friends on Thursday evening, in honor of her sister-in-law, Mrs. A. G. Gies, of California, who has been spending several weeks visiting with them. A very enjoyable evening was spent by those present.

Miss Rose Schweb, of Kelowna, arrived at the home of her mother, Mrs. R. McDonald, of Schweb's Bridge, last week.

Miss Cora Andrews, of Kelowna, who has been spending the past month in the valley, left on Sunday for her home.

Mr. and Mrs. A. D. Heywood and children and Miss Nancie Heywood spent Sunday at Kelowna, visiting Mr. and Mrs. G. B. Andrews.

Mrs. G. Hardwick, of Kelowna, arrived last Friday from Kelowna to spend a few days visiting her friends in the valley.

Mr. and Mrs. Stanley Dawe and family, of Vernon, were in the valley on Sunday. They were accompanied by Mrs. Dawe's father, A. Upson.

Mrs. Art Waite and sons, and Miss Dorothy Duthie returned home on Sunday, after spending a holiday at Ewing's Landing.

SALMON VALLEY NEWS

SALMON VALLEY, B.C., Aug. 15.—Rev. and Mrs. R. A. Redman and son, Bruce of Chilliwack, and J. Raby, of Salmon Arm, were visiting at the home of Mr. and Mrs. A. J. Heywood last Tuesday.

Mrs. J. R. Freeze entertained a few friends on Thursday evening, in honor of her sister-in-law, Mrs. A. G. Gies, of California, who has been spending several weeks visiting with them. A very enjoyable evening was spent by those present.

Miss Rose Schweb, of Kelowna, arrived at the home of her mother, Mrs. R. McDonald, of Schweb's Bridge, last week.

Miss Cora Andrews, of Kelowna, who has been spending the past month in the valley, left on Sunday for her home.

Mr. and Mrs. A. D. Heywood and children and Miss Nancie Heywood spent Sunday at Kelowna, visiting Mr. and Mrs. G. B. Andrews.

Mrs. G. Hardwick, of Kelowna, arrived last Friday from Kelowna to spend a few days visiting her friends in the valley.

Mr. and Mrs. Stanley Dawe and family, of Vernon, were in the valley on Sunday. They were accompanied by Mrs. Dawe's father, A. Upson.

Mrs. Art Waite and sons, and Miss Dorothy Duthie returned home on Sunday, after spending a holiday at Ewing's Landing.

PUBLIC WORKS CALLS TENDERS FOR FERRY WITH STEEL HULL

Bids Must Be Sent In By
Saturday—Second Group
To Be Asked For

KELOWNA, B. C., Aug. 12.—After first calling for tenders for the construction of a wooden-hull ferry to replace the present ferry plying between Kelowna and Westbank wharf and opening these tenders, the provincial department of public works has now called for tenders for a steel-hull ferry.

Reason for this sudden change in the plans of the department has not been ascertained. Capt. C. R. Bull, M.L.A., states he has received no word of the change and does not understand the department's action. However, it is believed that if the government does intend to build a ferry with a steel hull it will meet with the general approval of the Kelowna Valley.

According to the legal notice placed in a Vancouver paper, A. Dixon, chief engineer for the department, will receive sealed tenders for the construction of a steel hull for the Kelowna-Westbank ferry up to 11 o'clock Saturday morning, August 20, when they will be opened.

Plans and specifications may be obtained at a cost of \$25 each, each tender must be accompanied by a cheque for \$12,000 which will be returned if not accepted.

Half of the 350 active volcanoes in the world today are situated near the Pacific ocean.

British Air Mission Members In Canada

Three members of the British air mission to Canada, said they'd do some looking around first and inspect an airplane construction factory, then play some golf. A. G. Boddis and A. H. Self, second deputy undersecretary to the British air ministry, accompanied Frederick Handley Page, left to right, famed aircraft designer and manufacturer, on the visit. The trio planned to make an inspection of facilities for manufacturing military aircraft.

A Book Review

"INSANITY FAIR" and "ROOSEVELT"

Residents of Canada find great interest in two outside regions which have to do with the complex welter of European affairs and, secondly and closer to home, the equally complex United States sphere.

Hence it is that two books which have been recently published provide remarkable interest when read together. One is by an English newspaper correspondent who toured Europe for the London Times and who has recorded in "Insanity Fair" and the other is by that very famous biographer, Emil Ludwig, who has chosen for his subject the life of Roosevelt. "Insanity Fair" is published by Thomas Nelson, Ltd., Toronto, and "Roosevelt" by Macmillan in Canada, Toronto.

Study of Douglas Reed's book is not conducive to serenity, but following him in his tour proves fascinating. It is really an insane cavalcade that he describes and he seeks to discount the suggestion that he is an extremist, by careful explanations.

For example: in his judgment the majority of the residents of Austria would have voted for continued independence from Germany, yet those same people turned with hysterical fervor towards Hitler when he came. "Like the massed bands of a thousand regiments the patriotic cacophony beats about your ears, numbing all thought." The residents of the dictatorial states, he finds, have become demented members of a mutual admiration society, all citizens pulling on the same rope, as sailors do, singing the stupid sea chantey of praise to one name. He found it unbearable. But when he went back to England his depression deepened. His own nation, against which he warns that Germany is mustering all its powers, "is groping in the dark." The lament and press are being muzzled more and more. "You are a Red if you criticize the government. You are a boomer if you criticize a public official."

Of "Roosevelt," much has been written. It is a type of book, considering the political situation and the popularity of its author, that is bound to attain sensational notice.

Those for Roosevelt point with pride to the fact that he has been enthusiastic in his praise and drawn some very powerful contrasts between the American alleged presidential dictator and the real autocrats of the European tangle. Ludwig himself admits in fact that Roosevelt is a fairly good fellow, but what of that? He suggests that any man such as that, who can work such magic, must be a very great person indeed. More than this, he points out how a young man of good fortune became a coroner of his race, yet without bitter rancor; and the story of this flight through illness to power is thrilling.

Those who are anti-Roosevelt seem to secure most enjoyment in their comments, by pointing out some obvious blunders. In fact, the old Roosevelt becomes the President's late "uncle" and Harry Hopkins appears in the cabinet. The presidential family swells beyond its actual size. "Senator" Cox, again, led the Democratic fight in 1920. Ludwig did not know he was Governor of Ohio. Congressional elections are said to have been held in 1933, instead of a year later. And so on.

Ludwig may be—indeed he is—a writer of tremendous force. But the average person on this continent, indeed even he whose memory goes back little more than ten years, will find these impurities of fact very hard to surmount. The biographer's own deductions are shaded with doubt. To some this may be enough to spoil the whole. Others will find (including this reviewer) that even with these faults the study remains graphic and intriguing.

BARTLETT PEARS ARE NOW BEING PICKED

OLIVER, B. C., Aug. 13.—Picking of Bartlett pears is well advanced, and a start has been made on Flemish. Bartlett pears are being picked in large quantities, and growers are satisfied with the opening price of \$1.50 for fancy, 10's and larger. Pears are of much better quality than last year, and so far the crop is grading about 40 percent No. 1. Rochester pears are shaded with doubt. To some this may be enough to spoil the whole. Others will find (including this reviewer) that even with these faults the study remains graphic and intriguing.

Good Rains And Cooler Weather Aid To Agriculturists

Color Improving Considerably
In Okanagan Valley's
Tree Fruits

Since the last report the Armstrong, Vernon, Okanagan Centre, and Winfield districts had two weeks of extremely dry weather with high temperatures. Over the past week, however, rainfall has considerably improved the situation. The local orchards are in very good condition as regards moisture and should now carry through in good shape. In the Okanagan and Okanagan Centre-Winfield sections irrigation supplies appear ample for the balance of the season, the Provincial Department of Agriculture news letter states.

In tree fruits increase in size is being maintained and since the showers color seems to be improving. The pre-maturity drop of prunes is about over and this has been heavier and more general than for many seasons. The effect of the heavy drop may not be felt severely in reducing tonnage, as sizing of the remainder of the crop may be greatly improved. Duchesse apples and Transcendent crabs are moving out rather slowly. The apricot crop is all cleaned and the Rochester peach is commencing to move to the packing houses. There will be a continuous supply of this fruit until the finish of the crop of the Elberta variety. There is every appearance of the crop being of good size and quality. Pears will also be moving out, with Tragedy about finished, and Burbank, Bradshaw and the greenings coming along in a steady procession.

In the vegetable fields the shortage of irrigation supplies may somewhat effect the yield of tomatoes through reduction in size of the late pickings, but most other vegetables are far enough advanced in maturity to feel little ill effects from this. Onions which have been rather severely affected by thrip infestation, are showing signs of very early maturity, tops in many fields being down, and harvesting may commence at an early date. The effect of thrip damage is affecting the size of the bulb, but injury is severe. The local cannery is busy on processing of seasonable vegetables.

In general field crops, threshing of the grain stand is well advanced with ideal weather conditions prevailing. In irrigation districts the early part of the week slowed up codling moth, but with the resumption of warm weather moth captures are going up. However, indications are that the peak emergence is past. Nearly all codling moth spraying is completed in this district.

Early apples, pears, Bartlett and Nourse pears are being harvested. Some Wenatche may be harvested next week and some grapes will be ready in a week to ten days' time. Apples are taking on color more rapidly during the past few days. Vegetables of all sorts are available for shipment.

SUMMERLAND, NARAMATA, WESTBANK, PEACHLAND

As reported August 10: There was a change to cooler weather over the past week-end, but the temperature has risen again at this date. The few cool nights helped to make noticeable color on the apples. The weather keeps very dry, and a good rain would be of great benefit to the apple crop. The irrigation water supply in most districts is holding out well.

COMPROMISE REACHED IN SCHOOL QUESTION

OLIVER, B. C., Aug. 14.—Ratepayers of Oliver school district finally settled their school accommodation problem by a form of compromise. One faction favored immediate construction of a \$10,000 auditorium and the other opposed this but agreed that some additional space was necessary for playrooms. With more than 300 pupils in the elementary school, and only two playrooms, it was freely admitted more space was necessary. The compromise, arrived at in a general meeting, consisted in the passing of a motion to build the auditorium on a temporary roof. The cost would be from \$2,500 to \$3,000. The board has \$1,000 cash on hand, and was authorized to borrow up to \$3,000 more.

REDUCED RAILROAD FARES ON LABOR DAY

Reduced fares for the Labor Day holiday week end, will be on sale between all stations in Canada of the Canadian National and Canadian Pacific Railways, it is announced by J. B. Parker, secretary, Canadian Passenger Association, Winnipeg.

As Labor Day will be celebrated September 5 this year, the reduced fares will be on sale by the railways from September 2, until 2:00 p.m., September 6, with a return limit to leave destination not later than midnight, September 6.

Fares will be available on basis of single fare and one-quarter for the round trip, good for travel in all classes of equipment. Passengers using sleeping cars will, of course, pay usual berth charges.

color, will be ready in ten days. Burbank and Bradshaw pears are ready, also Transcendent crabs. Peaches of various varieties are coming in to the packing houses steadily.

The market seemingly cannot take all tomatoes offered which are of a very fine quality this year. Some cantaloupes are moving each day.

PENTICTON, KALEND, KERMOS, OLIVER AND OSOYOOS... As reported August 10: The weather has been cooler during the past two weeks, although it still continues very dry. Storage water is now being used for irrigation, and to date the supply has been generally satisfactory.

SALMON ARM, SORRENTO, AND MAIN LINE POINTS

As reported August 10: For three weeks the weather has continued hot and dry. During this time only one light rain has occurred, and this did little more than clear the atmosphere of smoke and freshen things up a little. In spite of the dry conditions, however, crops in general are holding up remarkably well, but a lot of ruin is badly needed, and soon. In some sections irrigation water is beginning to run short, and in the Ashcroft district a pump house, on which a considerable acreage of tomatoes and potatoes was dependent, was destroyed by fire last week and it is probable that a heavy loss will result.

Tree fruits are withstanding the dry conditions very well so far and show little evidence of suffering. Fruit is sizing fairly well, but color is short owing to the dry weather conditions. The crop is exceptionally clean. Wenatche apples should be ready at Salmon Arm about the last week of the month, and a week or so earlier at Kamloops. Transparents are cleaned up. Duchesse apples and a few early pears are moving. A few plums are going out, also a few "tail end" raspberries and loganberries. Vegetables are in good supply at Kamloops and Glen potatoes are being dug for the early market.

OLD TIMER IN LUMBY IS DEAD

Joseph LeBlanc Was Resident
Of Okanagan Valley
For 48 Years

LUMBY, B. C., Aug. 13.—The death occurred in the early hours of Thursday morning, of Joseph LeBlanc, one of Lumby's oldest and most respected pioneers. He was 84 and died at his home at Blue Springs.

Mr. LeBlanc was born at St. Anicet, Quebec, in 1854, and, with his wife and young family came out to this valley in 1890, taking up ranching, and settling down in Lumby.

Of a retiring and kindly disposition, Mr. LeBlanc was highly respected by all who knew him. He lived to see his children's children, and their children, grow up around him. Two years ago he was actively employed around his farm and orchard.

Some years ago Mr. and Mrs. LeBlanc celebrated their golden wedding at the home of Mr. and Mrs. Napoleon Bessette, surrounded by their relatives; they had fully expected to celebrate their diamond wedding in a similar manner.

In addition to his wife, Mr. LeBlanc leaves three daughters, Mrs. N. Bessette and Mrs. H. C. Catt, of Lumby; Mrs. Essery, of Leduc, Alta., and three sons, Joseph, Cleophas, and Armand, to mourn his loss, as well as 23 grandchildren; and 17 great grandchildren. Funeral services were held on Saturday morning at 10 o'clock, from the Sacred Heart Church. Solemn Requiem Mass being attended by a large number of friends and relatives. Rev. Father Downey officiated, assisted by a full choir. Interment was in Lumby cemetery.

The number of beautiful flowers and wreaths paid tribute to the respect everyone held for Mr. LeBlanc.

EDNA MAY OLIVER IS STAR OF NEW PICTURE

The equality of women gets better than an even break in "My Dear Miss Aldrich," the amusing comedy which shows at the Empress Theatre on Monday and Tuesday, August 22 and 23.

With Edna May Oliver, Maureen O'Sullivan, and Walter Pidgeon topping a first-class cast, this picturing ranks as one of the better films of the year.

Every member of the cast excels in his respective role. Edna May Oliver appears as a puzzle addict, in the most humorous role of her brilliant career. J. Farrell MacDonald, the veteran character actor, is a city editor. Janet Beecher is a militant feminist. Others in the cast are Rita Johnson, Roger Converse, Brent Sargent, Charles Waldron, Guinn Williams, and Paul Harvey. George Seitz has performed a masterful job of direction.

A second picture on the same bill is the picture, "What Price Innocence?" starring Jean Parker.

STOP Scratching
IT RELIEVES Itching of Insect Bites

Even the most stubborn itching of insect bites, at-
tacks of hives, eczema, and other skin ailments
can be relieved quickly by the use of the
newly developed D.D. D. PHOSPHORUS, easy to use,
free from odor, and free from irritation. It
relieves itching and quickly stops the most intense
itching. A liberal trial sample is being sent free of
charge. Ask for D.D. D. PHOSPHORUS.

"KIDDIES" DAY AT SALMON ARM MUCH ENJOYED

Elks Lodge Members Provide
Excellent Outing For
900 Youngsters

SALMON ARM, B.C., Aug. 15.—The
Salmon Arm Elks held their annual
"Kiddies' Day" at Pierre's Point on
Wednesday afternoon, August 10,
with 500 children taking advantage
of the "Brother Bill's" hospitality.
With fine weather prevailing, all
the kiddies had a really enjoyable
time and are looking forward to
next year.

Each child under the age of 14
was provided with free tickets for
ice cream, soft drinks, etc., and a
super ticket, and extra tickets were
given as prizes to the winners in
the land and water sports.
After the afternoon at the beach,
the children's dance was held in
the Institute Hall from 7 to 9, and
was well patronized by youngsters
of all ages. The day ended with a
big dance in the same hall, when
about 150 danced to the music of
"The Five Dominoes."

Mr. and Mrs. Gordon Robertson
and small daughter, accompanied by
Allan Beech, motored to Pentlitz
Saturday afternoon. Mr. Robertson
and Mrs. Beech returned Sunday
evening and Mrs. Robertson and
Evon will remain for two weeks visit-
ing relatives.

Doug Bedford, of Seattle, arrived
last week to spend a short holiday
visiting his parents, Mr. and Mrs.
A. Bedford, Sr., and relatives here.
On his return he will be accompa-
nied by Mrs. Bedford and family who
have spent the past two months
visiting Mrs. Bedford's parents, Mr.
and Mrs. A. P. Suckling.

Miss Peggy Sanderson, of Golden,
is spending a short holiday here
visiting Miss Ethel McKim.

Miss Evelyn Hawkins, of Enderby,
spent last Thursday afternoon visit-
ing at the home of Mrs. W. H.
Akeroyd.

Miss Margaret Bradley and Miss
Marian Warden, of Quesnel, are
spending a few weeks visiting the
former's aunts, Mrs. T. Palmer and
Mrs. W. Maki.

Dan Sinclair went to the Coast
last week to attend his son's wed-
ding.

VISITORS EXPRESS HIGH REGARD FOR KELOWNA REGATTA

KELOWNA, B.C., Aug. 9.—The
hospitality of the Kelowna
visitors was demonstrated recently at
the Royal Anne Hotel, when the
annual banquet for the regatta vis-
itors was staged by the Kelowna
Aquatic Association in co-operation
with the Kelowna Board of Trade.
W. A. C. Bennett, Board of Trade
president, was chairman.

Every speaker from outside points
voiced his expression of gratitude
to Kelowna and the aquatic associa-
tion for their hospitality and ex-
pressed sincere appreciation of the
remarkable progress of the regatta
itself and the smoothness with which
the entire affair was staged.

Chairman Bennett extended the
first welcome to the hundred guests
gathered about the banquet table.
He spoke particularly of the many
visiting Americans in the gathering
and paid tribute to the friendliness
of the two nations.

Mayor O. L. Jones extended, fig-
uratively, the keys of the city to
the visitors and spoke of the splen-
dour of the sport, just concluded. He
expressed appreciation for the city
for the work the aquatic association
is carrying out, as the aquatic ex-
presses the real spirit of Kelowna.

Mayor Jones paid tribute to the
work of Dick Parkinson, energetic
secretary, and Max dePeyer, pres-
ident for the past two years. Forty
unemployed in the camps of Kel-
owna wished to see the regatta but
did not have the admission price.
He had taken up the matter with
Mr. Farkenton, who had instantly
given permission.

E. W. Barton, Board of Trade
secretary, read several telegrams
from C. A. Cotterell, Fred Sturdee,
K. J. Burns, of Vancouver, and Jim
Burt, of Pentlitz, who expressed
their appreciation of the regatta
and their desire to be present for
the regatta function. It
was Mr. Cotterell's first miss in 14
years and he thus relinquished the
attendance record to Commodore
Ralph Ismon.

W. T. Moodie, Canadian National
general superintendent, paid tribute
to J. J. Horn, C.P.R. superintendent,
who is retiring this year, and on
behalf of the officers of both rail-
ways expressed their appreciation
for the hospitality extended.

E. B. Cassell told the banquet
of Vernon's high regard for the regatta
in Kelowna, while Lynn Patrick, of
Victoria, member of the famous
New York Rangers, thanked the re-
gatta officials for their hospitality.
Percy Norman and Archie Mc-
Kinnon, Vancouver, and Victoria
swim coaches, lauded the Kelowna
swimmers and stated that they had
made remarkable strides forward
in the past few years.

LIFE ON LOUISIANA PLANTATION SHOWN IN "THE TOY WIFE"

Combining a brilliant and color-
ful picture of New Orleans and
Louisiana plantation life of the
1850's with a group of masterful
characterizations headed by that of
Luisa Rainer, Metro-City's Mayor
has produced a satisfying motion
picture in "The Toy Wife," which
comes to the Empress Theatre on
Wednesday and Thursday, August
24 and 25.

Miss Rainer is supported by Mel-
vin Douglas, Robert Young,
Douglas offers the portrayal of the
attorney loved by both Miss Rainer
and her older sister, and who mar-
ries Miss Rainer only to incur her
jealousy. Young is excellent as
the devil-may-care romantic young
gambler with whom Miss Rainer
runs away.

The supporting cast is uniformly
good with Barbara O'Neil, H. B.
Warner, Alma Kruger, Walter Kings-
ford, Leonard Penn, the fourteen-
year-old Allan Reid and others con-
tributing lifelike portraits of the
period.

Over 50,000 season tickets to the
Empire Exhibition in Glasgow,
Scotland, were sold before the gates
opened.

"And There Was I, In Ireland"

For an hour Douglas Corrigan, California aviator,
who flew to Ireland "by mistake," surrendered to
droves of photographers, newsmen and radio an-
nouncers when he arrived in New York aboard the
Manhattan. On the way over Corrigan entertained

children with stories of his flight. Shortly after he
left New York he spotted lights below, thought it
was Baltimore, but later realized it was Boston, he
said. His hours of quiet ended the moment he
reached New York.

No Oaths, No Rough Words Heard During Calgary Stampede

Hon. Grote Stirling Finds
Canadian Cowboys Are
"Splendid Fellows"

"Have you heard an oath around
here this afternoon?"
There was a reflective pause and
then the answer:
"No, I have not."
"Have you heard a rough word?"
Surprise again was registered in
the answer:
"No, I have not."

Principals in this dialogue were
Mayor Andy Davidson, of Calgary,
and Hon. Grote Stirling, of Kelowna,
member of parliament for Yale,
and the conversation was related
by the former minister for defence,
in the course of an address to the
Rotary club last Monday.

The time of the exchange was
the second to last day of the Cal-
gary Stampede, and the scene was
the "ring," which for the first time
in his life, Hon. Mr. Stirling was
privileged to enter and where he
rubbed elbows with the most famous
cowboys of Western Canada and the
cattle range states.

"That is absolutely true. I did
not hear an oath nor even a rough
word as I was talking with and lis-
tening to those hard-riding cowboys
all afternoon," Hon. Mr. Stirling
said. "In my lot of life, it was never
possible for me to rub shoulders with
cowboys and now the more I think
of it, the more I appreciate what a
delightful experience it was. They
were a bunch of splendid fellows
and it was a treat and a privilege
to mingle with them. I hope I may
have the same experience again."

"And then at night when the
fireworks, especially the star shells
set the heavens ablaze, I looked
around and there were 30,000 pink
faces all looking up towards the
sky. Did you ever see 30,000 pink
faces all tipped skyward? It was
an unforgettable picture."

Mr. Stirling painted a vivid pic-
ture of his All-Canada motor trip
from Ottawa to the Okanagan and
declared that he was the sounder
Canadian, if this were possible, for
having made it.

The western flavor which he gave
to his talk with his reminiscences
of the Calgary Stampede unwittingly
paved the way for the reception of
Sheriff Fred Galbraith and Deacon
"Johnny" Costerton, advance adver-
tising agents for Whiskers Unincor-
porated. They told the Rotarians
100 percent on the idea of donning
whiskers on Vernon Days. That is,
those who were not cultivating the
real article, agreed to secure arti-
ficial foliage so as to be in the swim
during the pioneer revival.

CONDITIONS AMONG U. S. GROWERS POOR

Fruit growers of the Yakima Val-
ley, Washington, envy the organ-
ized growers of the Interior of Brit-
ish Columbia, declares George Mac-
kie, of Montreal, a well known
Canadian journalist, who is on the
last lap of a motor trip which will
take him back across Canada. Mr.
Mackie passed through the Yakima
area recently and when he saw
the hundreds of loads of fruit, he
asked about conditions. The reply
was that they were bad because the
growers lacked organization.

"We need what you Canadians
have up in British Columbia," one
grower told him. "We have no or-
ganization; we fight among ourselves
and we have to take what is offered
us, which is less than cost of pro-
duction."

Mr. Mackie told this story to
President A. K. Loyd and the presi-
dent of the B.O.F.G.A. got a kick
out of it.
Mr. Mackie visited two old friends
in Kelowna, Dr. W. J. Knox and
Dr. W. Dixon. He hopes to locate
in British Columbia in the near
future and likes the Okanagan the
best of any place he has visited
in this province.

Air mail and passenger service,
open to the public, has been estab-
lished between Shanghai and Japan.

CANTALOUPE CARNIVAL STARTING AT OLIVER

OLIVER, B.C., Aug. 13.—Third
annual cantaloupe carnival of the
Oliver Elks Lodge will be held on
Thursday, Friday, and Saturday,
August 18, 19, and 20. The program
consists of baseball every day, field
and track sports, motorcycle "ride
of death," rides and midway attrac-
tions and on the last day the hor-
ticultural show with exhibits in
fruits and vegetables, flowers, cook-
ing, and women's handicrafts. The
fireworks display will be given Fri-
day night at 10 p.m.

SUGAR LAKE PEOPLE REGRETTED DEATH OF MRS. MAUD BARCLAY

SUGAR LAKE, B.C., Aug. 15.—
Sugar Lake learned with great re-
gret of the death in Vancouver, of
Mrs. M. Barclay, a former well
known and respected resident of the
lake. The late Mrs. Barclay's beau-
tiful summer home, "Berchiel," at
the upper end of the lake, burned
down some years ago. But she still
continued to spend the warm sum-
mer months in the spot she loved so
well.

H. Monk, of Vancouver, spent a
day fishing at the lake in company
with his brothers, Dick and Jack,
of Vernon.

Mr. and Mrs. C. Richards and
Miss Robinson, of Enderby, visited
Mr. and Mrs. G. Montfort, at "The
Creel," and remained to tea.
A pair of "Saw-whet" owls were
seen on the roof of the disused
shingle mill, one moon-light night
last week. This is the owl whose call
is often mistaken for that of the
"Screech Owl."

William Ramsay, district engi-
neer, of Kamloops, visited the lake
during the week, to inspect the pro-
gress of the construction of the new
bridge.

Mr. and Mrs. Shaw, of Vernon,
have returned after spending a
week at their summer camp here.
M. B. Armstrong, of Vernon, was
up for the day. J. C. Agnew has re-
turned to the city.

L. S. S. George, of the Dominion
water and power bureau, made a
short visit at the end of the week.
Mr. and Mrs. E. Sullivan had as
guests for the week, Mrs. F. Schunter
and family, and Mrs. W. Schunter
and family, of Lumby.

Eric Barclay has returned to the
lake from Ashcroft, where he at-
tended the funeral of the late Mrs.
Maude Barclay.

First American fighting ships
were ordinary merchantmen, with
space cleared for guns.

WELCOME

to the Second Annual

VERNON

MID-SUMMER CELEBRATION

A MESSAGE from Kinsmen President W. D. McTaggart

VERNON'S mid-summer celebration is now here. After a long period of planning and preparing, assisted by many willing friends, the Kinsmen organization is sponsoring what we all hope will prove a thoroughly enjoyable program—and one that will be repeated with even greater success in the years that lie ahead.

Looking after the details of the track, of securing horses, of planning the big Klondyke carnival and many other side attractions,—all this has not been easy. But the effort has been undertaken with good cheer. Why? Because the end in view is the creation of a definite Vernon summer period of carnival celebration. With this as a goal, a splendid degree of co-operation has been offered. The object is one of more than mere entertainment. Behind all this lies a purpose of community service and development.

We make no claim that the project is something beyond compare, though we do modestly say that we have done the very best that we could and that you will all enjoy yourselves. We do assert, moreover, that it will be improved from year to year and that it is our genuine hope to put Vernon increasingly on the map. Yet the one thing that can be emphasized is that altogether beyond the question of this enjoyment is the fact that if you do your part,—you'll be helping a community cause. In that respect it is up to every single resident. This is what is important.

So, when you go to the races and to the Klondyke night entertainment both nights, when you cheer the parade of the bearded boys and find keen amusement in the pet parade—remember that you're doing much more than merely having a good time. You're helping Vernon now and in the future. You're doing your part.

We all come to realize this when we think long enough about it. The trouble is that sometimes we forget. So don't wait till it's all over this time. Don't let this be a source of regret to you—when it's too late. Get right in now and help us. It's everybody's job and your part will be appreciated.

There is much more that could be said. But it will pass for now. However, in closing I cannot help but express my heartfelt thanks to all those both in and outside the Kinsmen organization, who have helped me this year as the Kinsmen's president, and as head of the general committee handling this carnival. All that is now needed is very strong general assistance. And that is why I am taking this opportunity of so sincerely asking the public for its support.

A Message from His Worship the Mayor

IN 1898 a wild, motley crew of prospectors and miners were struck by the gold fever and in wildest excitement rushed to the North. By every old steamboat that would float they travelled, then struggled over the hills by dog team or on foot to seek eagerly for gold in the Klondyke. Some made their fortune, and some lost all they had, but their struggles will go down in history as the "Trail of '98."

So, on August 17th and 18th, we commemorate the Fortieth anniversary of the "Trail of '98" with "Klondyke Nights", when the spirits of such old-timers as Flap-Jack Billy and Four-Finger Jack will walk again.

Come and see the parade of the Bearded Men! It will be better than a Circus! Such an attraction has rarely been witnessed in Vernon. It is the opportunity of a lifetime! We shall have with us such famous local characters as Silver Tip, the Little Hebrew, Klondyke Jim, Society Red, Scraggy, and Soapy Smith. From over the sea come Hailie Selassie and General Balboa to add distinction and dignity to the gathering. Ethiopia and Italy smoke the Pipe of Peace and link arms in amity for Vernon's Carnival!

As for gold, there is plenty of it! Stake a claim on the \$1,200 prize money at the afternoon races by backing the right horse, and feel that thrill of excitement when the right horse leads by a nose.

Did you ever hear of the wild gambling in the saloons of the North? Try your luck in the games of chance at the Arena. Houseie Houseie, Crown and Anchor and all the rest will be in full swing with prizes in abundance for the favorites of Lady Luck.

No holiday would be complete without provision for the children. On Wednesday evening, kiddies and their pets will hold the spot-light in the Pet Parade to the Arena. This will be Vernon's first pet parade and will be well worth seeing.

WHEREAS August 17th and 18th have been set apart as Vernon Days, I, as Mayor of Vernon, do earnestly request all residents of this City and Valley to participate wholeheartedly in the forthcoming celebrations. All visitors will be most welcome.

A varied and interesting programme has been arranged for old folks and young folks, races in the afternoons, parades, games of chance, etc. in the evenings.

Come one, Come all! Take advantage of the half-holidays and go to the races. See the parades. Join in the fun and frolic at the Arena. You will not be disappointed.

We would also like to congratulate the Kinsmen and others who are working to make Vernon's Day and Klondyke Nights an unprecedented success.
